Encino, CA – March 9, 2015 - At Business Contingency Group (BCG) we take a *total solutions* approach to crisis management. That means we can deliver either a full range of end-to-end solutions, services and software products...or individual solutions only. Together with our technology solutions partners, we can deliver a comprehensive crisis management plan to fit the needs of any size business, agency or emergency operations center.

BCG is pleased to announce that we have added RPX RecoveryPlanner software to our technology solutions offered our clients:

based software.

BCG is a reseller of RPX RecoveryPlanner software that encompasses all components of Business Continuity Management – from Business Continuity Planning (BCP) to Disaster Recovery (DR), Risk, Business Impact Analysis (BIA), as well as Incident Response, Management and Notifications in ONE integrated, web-

BCG can implement a solution using RPX RecoveryPlanner software including training and plan development. The software can be provided as Software as a Service (SaaS) or loaded on your servers.

About Business Contingency Group

Business Contingency Group (BCG) is one of the nation's leading hazard mitigation, preparedness, response, and recovery organizations. BCG provides Disaster Recovery, Business Contingency, COOP, and Emergency Management Planning and Consulting Services to companies and public sector agencies. In addition, BCG has worked on Humanitarian Assistance Programs and Disaster Management Projects throughout the Caribbean and Central and South America and Asia. More information can be found at
