# Press Release

## **Business Contingency Group to award grant to Surface Transportation Agency/Organization**

**Grant will allow the opportunity for one Surface Transportation Agency/Organization to have use of Crisis Information Management Software free for one year.**

**Encino, CA, October 31, 2007:** The Business Contingency Group (BCG), a leader in disaster recovery and emergency management planning services is excited to announce it's WebEOC<sup>®</sup> ST (Surface Transportation) 2008 Grant Program. The grant will provide one year free access and use of WebEOC ST, the industry-leading Crisis Information Management Software for the surface transportation sector, to a Surface Transportation Agency or Organization. The software will be hosted by BCG and the Agency or Organization awarded the grant will have unlimited user access to the system. There is no client software needed only internet access and an internet browser (MS Internet Explorer 6.0 or higher).

The Business Contingency Group will also work with the Surface Transportation Agency or Organization awarded the grant to help facilitate collaboration and information sharing with other agencies within their community.

To be eligible for the grant, a completed and signed *2008 Grant Application Form* must be submitted by a Surface Transportation (Transit, Rail, Ship, Highway) Agency or Organization to the BCG Corporate Office by February 28, 2008. The application form may be obtained by visiting BCG's website at [www.businesscontingencygroup.com](http://www.businesscontingencygroup.com).

### **About WebEOC ST and BCG**

WebEOC ST is a Crisis Information Management Software (CIMS) providing real-time information to facilitate coordination and decision-making for planning, training and emergency response, recovery and continuity of government and business operations. It builds upon the features of WebEOC, the industry-leading CIMS platform.

BCG is a Strategic Partner and an Authorized VAR of WebEOC software products. In addition, BCG is the Developer of the Surface Transportation solution (WebEOC ST) and Exclusive Provider of WebEOC products to the Surface Transportation Sector. BCG also provides Disaster Recovery, Business Contingency, and Emergency Management Planning and Consulting Services to companies and public sector agencies.
