

March 29, 2005 - Global Security Asia 2005 - Singapore

The Business Contingency Group (BCG) attended the Global Security Asia 2005: Homeland Security Exhibition & Conference that was held at the Singapore Expo Center - Singapore, from March 29th to 31st, 2005. BCG staff supported Emergency Service Integrator's booth exhibiting WebEOC products including BCG's WebEOC ST (Surface Transportation). BCG is the exclusive development partner and provider of WebEOC ST.

WebEOC ST has been designed specifically for Surface Transportation incident crisis management. WebEOC ST sits on a base platform of the WebEOC product, integrating a fully seamless Surface Transportation module providing a complete solution for a state-of-the-art emergency operation center management capability for the Transit Sector.

GSA 2005 is a technology and solutions-driven event and is the first combined event to focus exclusively on all facets of Homeland Security and Asymmetric Defense in the Asia Pacific Region.
